

2025 DISCOVERY GALA

SPONSORSHIP PROPOSAL

 NORTHWEST
Kidney Centers

A COMMUNITY INVESTMENT IN HEALTHCARE LEADERSHIP AND INNOVATION

When you support Northwest Kidney Centers, you help us set the standard for renal care in the Puget Sound region and beyond. As the first out-of-hospital dialysis clinic in the world, we wrote the book on quality patient care. In more than half a century since then, we've continued to lead the industry.

As a nonprofit, we reinvest your gifts to offer services above and beyond dialysis.

Your support of this year's Discovery Gala helps fund our greatest needs, including support for transplants.

2025 DISCOVERY GALA

Our signature fundraising event of the year! Join 450 Puget Sound area business and community leaders, medical professionals, and Northwest Kidney Centers' supporters,

Saturday, October 11, 2025 - Fremont Studios

5:30 p.m. – Reception and Networking

7 p.m. – Dinner and program with patient stories, live auction and raise the paddle

9 p.m. – Afterparty

Hear from participants from our 2024 Discovery Gala:

"From start to finish, the event was very well orchestrated, impactful and enjoyable."

"We really enjoyed hearing from the featured speakers, who shared about their journeys with kidney disease and transplants, and the beautiful performance on piano by Brian Kennedy."

"The video montage of the Northwest Kidney Centers patients, social worker, and nurse manager, talking about their collaborations and support of the patients was really moving."

CELEBRATING OUR LEGACY, BUILDING OUR FUTURE

ABOUT NORTHWEST KIDNEY CENTERS

Founded in 1962, we are the world's first outpatient dialysis organization. As a leader in innovation, our cause is to radically improve the lives of all those impacted by kidney disease. We build people's trust and confidence through our integrated, holistic and equitable approach to person-centered care, with an extraordinary team of compassionate care professionals.

At Northwest Kidney Centers, we're creating a world where kidney disease no longer inhibits people from living their best lives.

Everyone deserves the chance to live life to the fullest. For people facing kidney disease, knowing that Northwest Kidney Centers provides comprehensive, wrap-around services gives greater peace of mind and can lead to healthier outcomes, including a higher chance of receiving a transplant. People with kidney transplants often live longer, have better health and a better quality of life than people on dialysis. Last year, 117 of our patients received a kidney transplant, significantly higher than the national average.

- **Home Dialysis Training and Support** – A higher percentage of our patients dialyze at home than do nationally. We're committed to increasing that number in a way that is equitable regardless of race, ethnicity and socioeconomic status.
- **Kidney Palliative Care** – Often transformative for patients and their families, palliative care means meeting patients where they are – physically, emotionally and geographically – to help them find a balance among independence, comfort and longevity.
- **Emergency Transportation** – as even one missed treatment can result in hospitalization.
- **Health Education Outreach** – focusing on groups at higher risk of kidney failure, particularly our underserved populations.

YOU'RE IN GOOD COMPANY

As a community-based, nonprofit organization, Northwest Kidney Centers fulfills its mission through shared core values—teamwork, integrity, excellence, stewardship and respect. These are likely the same words your employees and customers use when describing your company.

At Northwest Kidney Centers, our highest calling is to save lives. Building and deepening your relationship with Northwest Kidney Centers helps you achieve your company's philanthropic goals and also helps save lives across the Puget Sound region.

Join with us and other leading companies to support people with kidney disease.
