

2025 DISCOVERY GALA

SPONSORSHIP PROPOSAL

NORTHWEST

Kidney Centers

A COMMUNITY INVESTMENT IN HEALTHCARE LEADERSHIP AND INNOVATION

When you support Northwest Kidney Centers, you help us set the standard for kidney care in the Puget Sound region and beyond. As the first out-of-hospital dialysis clinic in the world, we wrote the book on quality patient care. In more than half a century since then, we've continued to lead the industry.

As a nonprofit, we reinvest your gifts to offer services above and beyond dialysis. Your support of this year's Discovery Gala helps fund our greatest needs, including support for home dialysis.

2025 DISCOVERY GALA

Our signature fundraising event of the year! Join 450 Puget Sound area business and community leaders, medical professionals, and Northwest Kidney Centers' supporters,

Saturday, October 11, 2025 - Fremont Studios

6 p.m. - Reception and Networking

7:15 p.m. - Dinner and program with patient stories, live auction and raise the paddle

9 p.m. - Afterparty

Hear from participants from our 2024 Discovery Gala:

"From start to finish, the event was very well orchestrated, impactful and enjoyable."

"We really enjoyed hearing from the featured speakers, who shared about their journeys with kidney disease and transplants, and the beautiful performance on piano by Brian Kennedy."

"The video montage of the Northwest Kidney Centers patients, social worker, and nurse manager, talking about their collaborations and support of the patients was really moving."

CELEBRATING OUR LEGACY, BUILDING OUR FUTURE

ABOUT NORTHWEST KIDNEY CENTERS

Founded in 1962, we are the world's first outpatient dialysis organization. As a leader in innovation, our cause is to radically improve the lives of all those impacted by kidney disease. We build people's trust and confidence through our integrated, holistic and equitable approach to person-centered care, with an extraordinary team of compassionate care professionals.

At Northwest Kidney Centers, we're creating a world where kidney disease no longer inhibits people from living their best lives.

HOME DIALYSIS - IMPROVING QUALITY OF LIFE

Northwest Kidney Centers operates the country's oldest home dialysis program. We work proactively—with our nephrologist partners and our front-line dialysis techs to promote home dialysis as an option. Dialyzing at home offers more flexibility, privacy and better outcomes. And, as the pandemic, showed us, it offers the added benefit of safety.

- Nearly 20% of our patients choose to dialyze at home, compared to the nation average of 12%.
- Patients can choose between two types - peritoneal or hemodialysis
- Our patients and caregivers receive round the-clock support.
- Patients and caregivers receive 40 - 100 hours of in-clinic training, in-home visits, nutritional support and ongoing guidance
